Paving the Way to the Future

Rocky Mountain Feline Rescue

Mission

To shelter homeless cats and kittens until we can find them a permanent, loving home.

Results

Intake – 848

Adoptions – 775

Spays/Neuters – 359

Vaccinations – 1,815

Rocky Mountain Feline

Rescue Value

#1

Committed. We are dedicated to the animals in our care and the staff, supporters, clients, and volunteers who stand with us.

Results

Staff – 8 full-time and 5 part-time

Donors – 1,050 individual and 21 corporate

Volunteers – 104 (22 with 40+ hours of service)

Foster Families – 128

Rocky Mountain Feline

Rescue Value

#2

Innovative. We challenge old notions about what injuries or illnesses should end a shelter animal's life. We value the lives of FIV+ and FeLV+ cats and kittens.

Results

FIV+ and FeLV+ Felines – We have an entire room dedicated to their care and adopted out 40.

Rocky Mountain Feline

Rescue Value

#3

Collaborative. We value our relationships with individuals and organizations. We recognize and respect our reliance on like-minded partners to meet our collective goals. We celebrate our supportive and diverse community.

Results

PAWSitive Recovery – Through our collaboration, we provided 1,200 days of care for cats whose owners were seeking substance abuse treatment or recovering from domestic abuse, giving cats a soft place to land until they can be reunited with their owners.

Rocky Mountain Feline

Rescue Value

#1

Compassionate. We are kind, caring, and willing to help animals in need. We make thoughtful decisions based on the wellbeing of humans and animals alike.

Results

Elective Procedures – In addition to spays/neuters and vaccinations, we performed 37 dental services for cats in our care and owned pets in financially challenged homes as well as 14 other surgeries to improve health outcomes and longevity.

Rocky Mountain Feline

Rescue Value

#5

Courageous. We believe in ourselves and know what we stand for. We have strong values, recognize our strengths and opportunities, and confidently question the status quo. We do not hesitate to respectfully disagree or take risks.

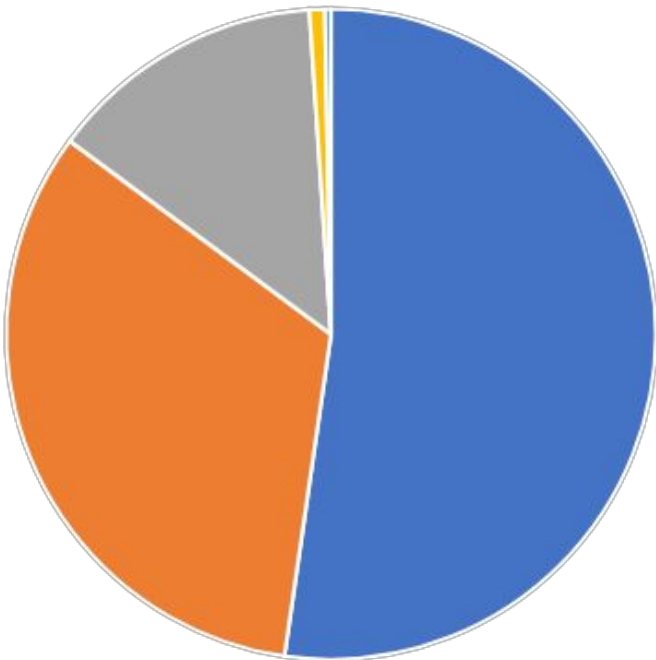

Results

Intake from Other States – This year we took in 395 cats from 8 other states, where the likelihood of euthanasia was high due to overpopulation and other factors.

Professional Fees: \$8,722

Adoption Success Story:

Dusty

At RMFR 1/27/23 - 6/8/24

Dusty's Story:

Dusty was brought to RMFR from Texas after being thrown out of a moving car, resulting in the loss of his tail and distrust of humans.

Although it took some time for Dusty to begin to trust again, eventually he settled into shelter life, spending his days exploring the cat yard and observing the action from high perches.

Dusty needed to be the only pet and didn't do well with kids. He was an overstimulation case and needed a special home with someone who would take it slow.

After 499 days in our care, Dusty found his person and is now blossoming into a relaxed and happy cat in his fur-ever home.

Rocky Mountain Feline Rescue

Plans for 2025

- Provide continuing education opportunities for staff
- Obtain analyzers for our lab so that we can obtain faster results and begin treatment sooner
- Begin a program to care for and rehome cats of those who passed away

Dreams for the Future

- Improve shelter facilities due to aging infrastructure
